

SOLUTIONS

Naturally Calm

SPECIFICATION SHEET

EACH 2g CHEW CONTAINS: Matricaria recutita (Chamomile) 75, Magnesium 63mg, L-tryptophan 55mg, Withania Somnifera Extract 50mg, Bacillus Subtilis 1B cfu, Thiamine (Vit B1) 10mg, Riboflavin (Vit B12) 8mg, Niacin (Vit B3) 8mg, Pyridoxine (Vit B6) 4.8mg

DESCRIPTION: Crooked Lane Solutions Naturally Calm offers owners an advanced veterinary formulated chew, developed to help reduce restlessness and excitability in dogs.

Containing a select probiotic, L-tryptophan, B-vitamins, magnesium, and herbal extracts, Naturally Calm provides a fast acting, easy-dose chew that may help in times of unease, such as storms, travelling, fireworks, kenneling and training.

Developed to help calm and settle dogs naturally, these soothing chews contain a select probiotic (probiotic supplements have been a promising area of research that focuses on the microbiota-gut-brain axis), L-tryptophan (tryptophan is an amino acid that is important for the production of serotonin in the body), Withania Somnifera (commonly known as Ashwagandha, an important medicinal plant), Matricaria recutita- Chamomile (an important nervine, digestive and detoxification herb), Magnesium (involved in maintenance of nervous function) and B group vitamins (have a role in normal general metabolism & nervous system function).

PACK SIZE: 80g (40chews)

DIRECTIONS FOR USE:

1-10kg bodyweight	1 chew
11 – 20kg bodyweight	2 chews
21-30kg bodyweight	3 chews

To achieve results, ensure complete dose is consumed.
Results usually visible within 20-40 minutes of dosing. Last up to 4-6 hours*

*this is a natural product and results will vary in individual cases

FEEDING RECOMMENDATIONS

This product is intended for:

- Use at times of restlessness or unease
- Intermittent use; or as directed by your veterinarian
